Project details

In partnership with the Canadian government, Red Dot Foundation (RDF) Global proposes to partner with your esteemed college to create a safe campus culture and to reduce the risk of sexual violence on campuses. Five students from each college (total 100) will be selected and trained in a leadership course. After this training, each student will conduct a series of activities on their college campuses, including awareness programs and audits of locations on and off campus for increased safety. They will also review and evaluate internal policies and remedial mechanisms and build confidence in their peers to address sexual violence whenever it is experienced or witnessed. The youth will further go on to be ambassadors and active citizens in taking up civic projects as part of the RDF alumni network. Faculty and administration will also be sensitized through workshops, particularly on the Prevention of Sexual Harassment (POSH) Act and the Protection of Children from Sexual Offences (POCSO) Act.
